

## Learning Overview, Homework and Events for Week Beginning 29.6.26 (Year 1 and 2)

Maths The Year Ones are starting a new sequence on Mass, Volume and Capacity. This week they will be comparing mass and measuring. The Year Twos will be finishing their sequence on position and direction where they will be describing movements and turns.

Number Sense Year 1 This week in Maths the children will be consolidating their knowledge taught this year in Maths Fluency.

Number Sense Year 2 This week in Maths the children will be consolidating their knowledge taught this year in Maths Fluency.

### Weekly Diary Dates and Events

**Nature school: Friday 3<sup>rd</sup> July (Brimley and Kennick class)** see below for what to wear

**Nature school: Friday 10<sup>th</sup> July (Yarner Class)** see below for what to wear

### PE days

Yarner Class - Thursday

Kennick Class and Brimley Year 1s - Friday.

Please can your child come into school on their PE day wearing their PE kit.

**Please remember reading folders every day as we will be using them during our RWInc sessions.**

### Nature school

For each session, children should come to school dressed appropriately for outdoor learning. This includes:

- Trainers or sturdy footwear
- Trousers (no shorts or skirts)
- Comfortable, weather-appropriate clothing (e.g. waterproof coat if needed)

### Homework

#### Reading

We are working on fluency and this developing this skill will enable your child to continue making progress. Please get them to speedily read the red words and green words in the front and back of the books. This is really good for speeding up reading. We are also encouraging them to do 'Fred in their head' and not sounding out words. This will help with pace and comprehension. Reading books several times also helps develop fluency and comprehension.

#### Maths

##### Number Sense – Year 1

This week in Maths we will be looking over the key concepts we have learnt this half term. Please look back at the activities we have suggested weekly and practise the ones your child finds the hardest.

##### Number Sense - Year 2

This week in Maths we will be looking over the key concepts we have learnt this half term. Please look back at the activities we have suggested weekly and practise the ones your child finds the hardest.

##### Year 2 spellings

**Darkness**

**Goodness**

**Sadness**

**Agreement**

**Payment**

**Movement**
